## BD BioVenture Center

21 Davis Dr.  
Research Triangle Park

*Description* The BioVenture Center provides early-stage companies access to a world-class bioresearch infrastructure that includes state-of-the-art laboratories, equipment, and support services, as well as the opportunity to connect with BD scientists from around the world. High-potential biotech companies have from six months to two years to "incubate" and evolve into full-fledged businesses. Fourteen companies have participated in the RTP BioVenture Center program to date.

*Availability* negotiable

*Square Footage:* fitted labs, plus private offices and cubicle space

*Common Facilities and Instruments:* negotiable

*Lease Rates:* negotiable

*Lease Terms:* negotiable

*Additional Comments* In order to be considered for admission, candidate companies must be working in technology areas closely aligned with BD Technologies research focus areas (drug delivery, diagnostics and biosensors, cell and tissue engineering) and have an active research collaboration with BD in place. Contact Al Lauritano for other requirement information.
