

The following documents/information regarding your project are **required**. You can download the [Signed Cover Sheet](#) template here to sign and re-upload.

Compile the responses to the following sections into a single pdf document. Upload as the "technical project description," along with the signed cover sheet.

Overview of the IIG Project:

- Describe the original goals and expectations of the equipment purchase supported by this grant.
- Where is the equipment located (address, building, and room number)?
- Explain how the equipment is allowing the facility and/or users to achieve their goals. Very briefly describe current projects underway, include any milestone achievements, etc.
- If applicable, state how those goals and expectations have been revised or refined during the course of this project, or any issues that have arisen and how they were resolved.
- How has this project enhanced the university's research capacity for biotechnology research?
- Describe additional use or future plans for the equipment.

Abstracts of Theses

Publication Citations:

List research papers and designate each as published (include full citation), in press (include title, journal, data submitted and authors), or under review (include title, journal, date submitted, and authors). List any manuscripts in preparation. Note: NCBiotech should be acknowledged in all publications resulting from this award, per terms of the grant award.

List presentations (poster or oral) given including the organization or meeting addressed, place, date, and authors.

Collaborators:

Provide a list of users and others associated with the project. Include title or status, e.g. associate professor, graduate student or postdoctoral.

Inventions or IP steps:

Briefly describe any inventions, invention disclosures, patents, patent applications, or licenses that resulted from this grant or the projects supported by this equipment.

Signed Cover Sheet: This signature cover sheet must be downloaded, signed and re-uploaded by the principal investigator and an authorized institutional official.

(Optional) Other: Include any other material or information that demonstrates the impact of this award or that you consider would be useful to NCBiotech.
