

## Alerting Services from Life Science Intelligence

Drowning in information? Keep your head above water with the help of LSI's research analysts. We ensure you're well-informed with targeted and current insights in a monthly or quarterly update. Track any of the following:

- Competitor activities and intelligence
- Technology updates and trends
- Industry sector trends and news
- Partners or acquisition targets
- Drug development and trial updates
- New funders and funding opportunities
- Regulatory trends and updates
- Potential new clients

*"410 Medical has benefitted from the NCBiotech alerting service for several years, receiving alerts twice a month about newly-published scientific literature, clinical trials, and news articles relating to sepsis and fluid management. These updates enable us to stay on top of the constantly changing landscape."*

We compile, assess, and organize available information to meet your specific needs, from sources including scientific literature, press releases, clinical trials, patents, company databases, analyst reports, and recent deals.

### Rates and Pricing

Alerts can be billed at LSI's hourly rate, or you can set up an annual pre-paid retainer with the benefits of one-time invoice logistics, plus a discount on the hourly rate (note: total hours must be used within 1 year). If you're not sure where to start, let's talk about your needs and we can do some initial testing of frequency and volumes.

Total Hours	Discount off regular rate*	In-state annual retainer	Outside NC annual retainer
50	10%	\$6,300	\$9,000
36	8%	\$4,637	\$6,624
24	6.5%	\$3,142	\$4,488
12	5%	\$1,596	\$2,280

\* Regular rate is \$140/hour for companies located in NC, and \$200/hour for companies outside the state.

*"For several years, **Locus Biosciences** has been using the Life Science Intelligence Alerts from NCBiotech. Each month we receive alerts with key intelligence for our potential competitors, and every other month we're provided a detailed report on all pertinent competitive intelligence related to the technology employed in our platform. These reports have become vital to the strategic decision making within our company as the data they provide are pertinent to stakeholders across the company. We have come to rely on these monthly alerts as a key pillar within our competitive intelligence function at Locus."*
