

## Desktop access to Springer Nature's AdisInsight Database and Journals (Jan. – Dec. 2019)

Springer Nature and Life Science Intelligence at NCBiotech are partnering to offer eligible North Carolina companies special rates on subscriptions to scientific literature and other products. Ensure that your team has the information it needs, at rates your company can afford.

### AdisInsight Database

AdisInsight brings together relevant information on drugs in commercial development, clinical trials, drug safety and company deals in one database to support drug discovery, research and development. With rapid access to consolidated scientific information you can focus on the most promising research paths, make greater discoveries and gain a competitive advantage.

Explore the database at [adisinsight.springer.com](http://adisinsight.springer.com)

#### AdisInsight Content Sets

##### Drugs

Track drug and cell-based products across all therapeutic areas and throughout the entire development process, from discovery to launch.

##### Deals

Review summaries of purchases and acquisitions; joint ventures; and licensing, R&D, development, manufacturing, distribution and marketing agreements.

##### Clinical Trials

Identify the key clinical trials being performed to advance these drugs through international regulatory pathways, with coverage of both international and observational trials.

##### Safety

Monitor adverse drug reaction (ADR) case reports, drug safety studies and regulatory news covering all drugs and therapeutic areas.

### AdisInsight Annual Subscription Pricing

#### Under 49 R&D Staff:

- Drugs & Deals content sets - \$10,000 (list price \$24,000)
- Complete platform - \$15,000 (list price \$30,000)

#### 49-99 R&D Staff:

- Drugs & Deals content sets - \$15,000 (list price \$59,000)
- Complete platform - \$20,000 (list price \$83,000)

## Journal and eBook Subscription Options

Special rates on deposit accounts, journal and eBook subscriptions are available to North Carolina life science companies with fewer than 99 R&D staff.

### Nature or Springer Deposit Accounts

Deposit accounts are a prepaid pay-per-view offer for access to resources on [nature.com](http://nature.com) or [rd.springer.com](http://rd.springer.com). Downloads purchased through deposit accounts expire after two years.

- 150 Downloads:** \$16 per download at \$2,400
- 250 Downloads:** \$14 per download at \$3,500
- 500 Downloads:** \$12 per download at \$6,000
- 1,000 Downloads:** \$10 per download at \$10,000

### Journal and eBook Subscriptions

Purchase an annual subscription to the following Springer and Nature offerings.

#### Nature Journals

- *Nature* - \$4,900 (list price \$8,000)
- *Nature Biotechnology* - \$2,900 (list price \$9,150)
- *Nature* and *Nature Biotechnology* package - \$6,900

#### Springer Biotechnology Industry Collection

Includes ~400 journals, top 5 Adis journals (*Drugs*, *Drug Safety*, *Drugs in R&D*, *PharmacoEconomics & Outcomes News*, and *Reactions Weekly*), and 100,000+ eBooks.

- Without archives - \$12,000 (list price \$67,1000)
- With archives prior to 1997 - \$15,000 (list price \$130,600)

Additional discounts are also available if more than two products are purchased together (not applicable to deposit accounts).
